Your child is free to go after the performance. If you are taking your child with you, please sign them out with one of the designated chaperones. Cadet Band students staying to ride the bus home will have an opportunity to purchase a snack between performances. If you would like to send a few dollars with your child you may do so.

UNIFORM:

All Cadet Band Students should dress in their performance uniform consisting of BLACK shoes, BLACK socks (no less than crew length please), BLACK dress pants, and their green Dist. 66 polo shirt. Please make sure your child's shirt still fits them. Many of the students have grown a bit since December.

Band O Rama Festival Format

Similar to our Winter Invitational event, this is a non-competitive event although we will be adjudicated by someone. This event is designed to give young bands the experience of a competitive event however the primary goal is to prepare them for higher level performance in the future. This is our first performance since the Winter Concert and they have made significant improvements since then. The festival is open to the public and I highly recommend that you attend.
